DESCRIPTION

Aurodhea Neem Oil Cream pampers the feet and helps protect them from infections thanks to its antifungal and antibacterial properties. Its action helps treating certain diseases such as mycosis and skin fungus, problems encountered especially by people who frequent swimming pools, gyms and similar places. This Foot Cream is an excellent adjuvant in restoring normal skin regeneration, preventing the formation of cuts and cracks. Enriched with Aloe Vera, it has a moisturising, soothing and healing action, leaving the skin of the feet velvety and soft. The presence of Almond Oil, finally, contributes to giving the product a moisturising and emollient function. DERMATOLOGICALLY TESTED CPNP REFERENCE: 2779364
