DESCRIPTION

Aurodhea Hand Cream with Neem Oil deeply moisturizes skin, restoring its natural glow, elasticity and tone. It has a restructuring and protective action on skin and nails and creates a protective shield against external agents such as cold, wind, water and heat. Its use contributes to repair weakened, brittle and broken nails, strengthening their structure and improving their elasticity. It also moisturizes cuticles and facilitates the growth of healthy, strong nails. It is also useful in cases of psoriasis, as it relieves itching, burning and inflammation. DERMATOLOGICALLY TESTED CPNP REFERENCE: 2573906

HOW TO USE

Apply daily on the skin of the hands. In case of very chapped skin, it is recommended to combine the hand cream with a pure Neem oil treatment, in order to ease the reconstruction of the most superficial skin layer.
